Chelsea District Library Library Card & Internet Access

Application for MINORS

Using Your Library Card

Using Your Library Card

By receipt of a Chelsea District Library card I agree to comply with all its rules, pay all fines, and to make good any loss or damage to materials checked out with this card. There will be a fee to replace lost or damaged cards.

You may "load" your library card with money to pay for printing and copying services at the APM machine located on the 2nd floor. Library fines are separate and must be paid at the Circulation Desk.

Using the Internet via SAMS

The Chelsea District Library uses a filtering system called SAMS on the **Library's public computers**. This technology allows parents to choose a specific level of filtering for their children while still allowing adults full, unfiltered access to the Internet.

The wireless network and data ports available to the public using their own equipment are unsecured, unencrypted and unfiltered. Users of the Library's wireless network or data ports are required to abide by Internet Access and Public Computing Use policy.

To use the Internet on the Library's public computers, all users must read, understand, register and sign for an Internet access card. Minors must be registered by a parent/legal guardian who must select a level of filtering. Minors may not, under any circumstances, have unfiltered access to the Internet on the **Library's public computers**.

Filtering products are imperfect in many ways. Users should understand that filters are no guarantee that objectionable material will not be seen or viewed. Filters attempt to block limited amounts of material of specific content while often blocking benign sites that users seek to access.

Internet Filtering

No Internet

For access only to Microsoft applications but not to the Internet. This level is available without parental consent.

Safe Harbor

This level is limited to 15,000+ preselected sites. Users on this level can search a wide variety of designated subjects but are unable to "surf" to other non-approved sites.

Level 1

This level attempts to block sites that include adult/sexually explicit material; illicit drugs, alcohol and tobacco; gambling; hate speech; personal and dating information; violence and weapons; glamour and intimate apparel; Usenet and chat.

Level 2

This level attempts to block sites that include adult/sexually explicit material; illicit drugs, alcohol and tobacco; hate speech; violence and weapons; gambling; personal and dating information.

Level 3

This level attempts to block sites that include adult/sexually explicit material.

As the parent/legal guardian of the above minor child, I have read and understand the Chelsea District Library's rules on Acceptable Use of the Internet and library card and agree to comply with all rules and regulations. I understand that noncompliance by my minor child will result in the revocation of Internet privileges. I will promptly report theft of this card to library staff. **My child will not share their Internet card with other people and will protect their password and keep it confidential.** I have read and understand that SAMS technology is used as a tool only and that no method of filtering is guaranteed. My choice to allow my minor child to use the Internet is an agreement to hold the library harmless for any information that my minor child may seek or find on the Internet.
